

## Green Team Needs Your Help!!!

Do you compost at home? If so, how do you do it?

If you don't compost that's ok. You can help the Green Team by compiling a list of items you find in your house that are recycled, biodegradable, locally produced, or less toxic.

Send pictures and/or how-to instructions to Mrs. Berdan by Feb. 16<sup>th</sup> at [lberdan@abs.misd.net](mailto:lberdan@abs.misd.net).

We want to keep Ashley and our Earth green and would love to see how our Ashley families are helping out!
