

Anchor Bay High School Career and Technical Education

Providing students with Career Ready Skills and opportunities

ABHS CTE programs allow students to choose courses that will sharpen their skills and focus on future careers in various fields. CTE programs at ABHS give our students the opportunity to explore a variety of career fields all while giving them “hands-on” and “real world” experiences. The focus is on studying the demand and expectations of different career fields that interest the student.

CTE Students Experience:

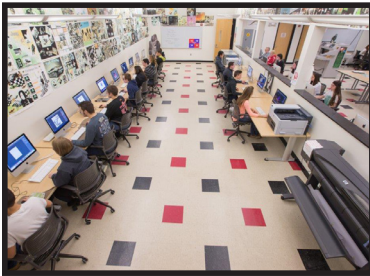

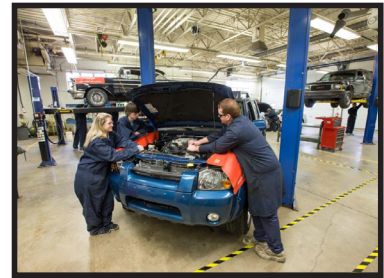

- Work-Based Learning
 - Field trips
- Guest Speakers
- Job Shadowing
- Internships

Students can begin taking these courses in 9th grade and complete programs that offer articulation agreements and partnerships with community colleges and four-year universities.
