NOTES FROM THE PRINCIPAL

Dear Ashley Families,

Students have completed their Mid-Year NWEA Assessments and are continuing to work hard on their personal achievement goals. Our STEM class is underway with Mr. Gennrich. We have begun to explore the world of engineering and design.

Jump Rope for Heart kicks off this month, as we discuss the importance of physical fitness and heart healthy habits. Mrs. Hutton will lead us in a kick-off assembly in the weeks ahead. Please find the attached information to register with the American Heart Association and raise awareness. We hope to have as many student families register, allowing Ashley to receive new Physical Education Equipment. No donation is needed, simply register and visit the website.

Our Positivity Project continues to kick start our mornings. This month we focused on the traits of: perseverance and forgiveness. Ashley has started to recognize classroom P2 Leaders. These are students who continue to embody the #otherpeoplematter mission. These students will be featured monthly on our Positivity Wall within our building. We would like to wear our P2 Spirit wear on Mondays to recognize our positivity traits. We are continuing to spread the Positive Message through the community by having our classroom create Valentine Cards & Messages for surrounding schools.

Please keep an eye out for your child's Classroom News regarding any upcoming Valentine Festivities. As always remember we enjoy sharing our day with your children. As we jump into our second semester please continue to have your students to school on time daily and ready to learn. Our staff continues to work towards academic, social and behavioral achievement.
