INTRODUCTION

0001 Name and Legal Status

The legal name of the School District is the Anchor Bay School District. The School District is a general powers school district within the meaning of the Michigan Revised School Code (RSC), MCL 380.1 *et seq.*

0002 The Board of Education

The School District is governed by the Board of Education (the Board). A principal function of the Board is to adopt Bylaws and Policies that are reasonable and necessary to guide present and future Board and School District decision making and operations. The adoption, amendment or repeal of Bylaws or Policies requires the vote of a majority of the Board members elected and serving.

Bylaws and Policies supplement the wide body of federal and state statutory and regulatory law that applies to public school districts in the State of Michigan. Federal and state law supersede these Bylaws and Policies, to the extent of any inconsistency. The Board has determined that it is not reasonable or necessary to attempt to replicate federal or Michigan statutes or regulations in these Bylaws and Policies.

0003 The Superintendent of Schools

The Board will employ a Superintendent of Schools in conformity with the Revised School Code and other applicable laws. The Superintendent will serve as the School District's chief administrator. As part of those responsibilities, the Superintendent is authorized by the Board to make employment decisions, including hiring and termination, with respect to all non-administrative and non-teaching staff. The Superintendent is responsible for the development and implementation of Administrative Regulations that give operational effect to the Board Policies. Regulations are to be consistent with these Bylaws and Policies and, except as otherwise agreed by the Board, will not be effective for a period of one month from the date they are provided to the Board. The Board may, but is not required to, formally approve Administrative Regulations. A reference to the Superintendent in these Bylaws and Policies (and in any Administrative Regulations that may be promulgated) means the Superintendent or his/her designee, unless otherwise expressly stated.

The Board is represented in all labor negotiation proceedings by a negotiating team. The Superintendent shall select the bargaining team for the School District. All agreements negotiated by the team are subject to ratification by the Board.

1000 BYLAWS

The Board has adopted these Bylaws to define the manner in which the Board meets, operates and conducts its business. Bylaws are intended to provide for the Board's own internal governance, providing the basic framework for Board operations.

1001 Organization and Functioning of the Board

Composition The Board of Education is comprised of 7 members, elected or appointed in accordance with the RSC and the Michigan Election Law.

Term of Office The term of office of each member is 6 years.

Oath of Office Newly elected, reelected and appointed members of the Board will take the required oath of office before being seated.

Vacancies In the event of a vacancy on the Board, the Board may appoint an eligible person to fill the position consistent with Michigan law.

Duties and Responsibilities of Board Members Board members are elected to serve the interests of the School District and the entire school community. These interests may not be subordinated to any partisan principle, group or interest. Board members are expected to be and remain informed about issues that may come before the Board for decision. Regular attendance at Board meetings is necessary to fulfill the obligations of a Board member.

Role of Individual Board Members The Board acts as a whole, and only at properly convened Board meetings. An individual Board member lacks independent authority and may not act for or on behalf of the Board unless he/she has been specifically delegated authority by the Board to act in a particular instance.

Code of Ethics Each Board member is expected to comply with the following Ethics:

As a member of the Board, I will promote the best interest of the School District as a whole and will adhere to the following ethical standards and principles:

1. I will represent all School District constituents honestly and equally and refuse to surrender my responsibilities to any partisan principal, group or interest.
2. I will avoid any conflict of interest prohibited by law or appearance of such that could result from my position, and will not use my membership on the Board for personal gain, where contrary to the interests of the School District.
3. I will recognize that a Board member has no legal authority as an individual and that decisions can be made only by a majority vote at a public meeting of the Board.
4. I will take no private action that might compromise the Board or administration and will respect the confidentiality of privileged information.
5. I will abide by majority decisions of the Board, while retaining the right to seek changes in such decisions through ethical and constructive channels.
6. I will encourage and respect the free expression of opinion by my fellow Board members and will participate in Board discussions in an open, honest and respectful manner, honoring differences of opinion or perspective.
7. I will prepare for, attend and actively participate in School Board meetings.
8. I will become sufficiently informed about and prepared to act on the specific issues before the Board.
9. I will respectfully listen to those who communicate with the Board, seeking to understand their views, while recognizing my responsibility to represent the interests of the entire school community.
10. I will strive for a positive working relationship with the Superintendent, respecting the Superintendent's authority to advise the Board, implement Board policy, and administer the School District.

11. I will model continuous learning and work to ensure good governance by taking advantage of Board member development opportunities, including those sponsored by state and national school board associations, and encourage my fellow Board members to do the same.
12. I will strive to keep the Board focused on its primary work of clarifying the School District purpose, direction and goals, and monitoring District performance.

Confidentiality Board members will receive information that is not available to the general public. This includes information that is received during a closed session of the Board. In order for the proper functioning of the Board, an individual Board member will not share confidential information without the prior authorization of the Board or as may be required by law.

Conflict of Interest Board members will refrain from engaging in illegal conflicts of interest, including, but not limited to those identified in MCL 380.1203. **New Members** Board service requires considerable preparation and study. New Board members are strongly encouraged to participate in orientation and educational activities to acquaint themselves with the duties and responsibilities of a Board member.

Committees The Board may create various committees to gather information for the Board. Committee members will be appointed by the Board President. A committee will not consist of more than three (3) Board members.

Election of Officers of the Board The President, Vice President, Treasurer and Secretary of the Board will be elected at the Board's annual organizational meeting. The vote of a majority of the Board members elected and serving will be necessary for election to these offices. The elected officers will hold office for one year, and continue in office until their successors are chosen and take office. Board officers are eligible for reelection to their office.

President The President of the Board will preside at all meetings of the Board and conduct meetings in the manner prescribed by these Bylaws. The President will prepare the agenda for Board meetings in consultation with the Superintendent and may perform such other tasks as are reasonably necessary to facilitate Board meetings.

The President, or his/her designee, functions as the official spokesperson for the Board. The President will be the official recipient of correspondence directed to the Board and will provide copies of School District related correspondence to all other Board members and, in his/her discretion, to the Superintendent. Board members who receive School District related correspondence that was not addressed to the President will promptly provide a copy to the President.

The President will sign all papers and documents required by law or otherwise authorized by action of the Board.

The President, on behalf of the Board, is authorized to consult with the Superintendent and/or School District legal counsel prior to presentation of an issue to the full Board.

Vice-President The Vice-President of the Board will have the powers and duties of the President during the temporary absence or disability of the President. The Vice-President will also have such other powers and duties as the Board may from time to time determine.

Treasurer The Treasurer of the Board will sign all School District documents required by law or otherwise authorized by action of the Board and perform other duties required by law and/or assigned by the Board.

Secretary The Secretary of the Board will be responsible for taking and keeping the Board minutes in conformity with applicable legal requirements and performing such other duties as the Board may from time to time determine.

Vacancies in Officer Positions In the event of a vacancy in a Board office, the Board will elect a successor to serve for the balance of the term.

Removal from Officer Positions The Board may remove a person from an elected Board office by a majority vote of the serving members. Removal from an office does not constitute removal from the Board.

Compensation Board members will be paid a stipend, as determined by the Board, for attendance at each meeting of the Board, including committee meetings and Board study sessions.

Reimbursement of Expenses In addition to compensation for meeting attendance, Board members will be reimbursed for actual and necessary expenses incurred in the discharge of their official duties, as well as for attending Board approved activities and functions. Board members are expected to exercise good judgment, and ensure that expenditures incurred are reasonable, necessary, and in the best interest of the School District. Board members will not be reimbursed for entertainment expenses or the purchase of alcoholic beverages.

Indemnification The School District will indemnify the Board and individual Board members to the extent permitted by law. The School District will also purchase and keep in effect insurance policies for the defense and indemnification of the Board and individual Board members.

Discipline and Removal By a majority vote, the Board may censure an individual Board member or members for violating federal or Michigan law, these Bylaws or Board policy, or otherwise acting in a manner inconsistent with the office of a Board member. By a majority vote, the Board may petition the Governor to remove an individual Board member or members from the Board for any reason permitted by law.

Professional Services The Board may select and appoint qualified individuals or firms to provide professional services to the District for legal, architectural, and auditing/accounting services. In making such selections, the Board will, minimally, consider certifications, licenses, training and experience.

1002 Meetings of the Board of Education

Michigan Open Meetings Act The Michigan Open Meetings Act (OMA), MCL 15.261 *et seq.*, governs many aspects of Board of Education meetings. These Bylaws supplement the requirements of the OMA.

Annual Organizational Meeting An organizational meeting will be held annually during the month of August. The business of the meeting will include:

- the election of Board officers; the establishment of a schedule of regular Board meetings for the year; and,
- such other business as the Board may choose to address.

Regular Meetings Regular meetings of the Board will be held in accordance with the schedule established by the Board at the organizational meeting. The agenda for each regular meeting will be developed by the President of the Board in consultation with the Superintendent.

Special Meetings Special meetings of the Board may be called by the President or any three (3) Board members by providing not less than 18 hours notice to all Board members. The notice to Board members and the public shall be consistent in manner and form with the requirements of the OMA.

Meeting Procedures

Quorum. Unless otherwise required or permitted by law, a majority of the serving members will constitute a quorum.

Voting. Unless otherwise required or permitted by law, the affirmative vote of a majority of the serving Board members is required to exercise the Board's authority.

Electronic Meetings and Remote Participation. A Board member must be physically present at the meeting to participate in a meeting as a Board member, except as otherwise permitted by the OMA.

If a Board member participates in a Board meeting remotely because of an absence due to military duty, or as the only reasonable accommodation available for a disability that would otherwise prevent the Board member from attending the Board meeting, the following conditions must be met:

- In addition to any other notice required under the OMA, the Board must post advance notice consistent with MCL 15.263a(4) and post the agenda consistent with MCL 15.263a(5);
- The Board Secretary must include the name of each Board member attending remotely in the meeting minutes, and an announcement must be made at the outset of the meeting that the Board member is attending remotely. Except for a Board member absent due to military duty, the announcement must also identify the Board member's specific location by state and city, township, county, or village;
- The Board must use 2-way communication so that Board members attending remotely can hear and be heard by other Board members and public participants;
- The Board member attending remotely must notify the Board President at least one business day before the meeting that s/he will participate remotely to allow the Board President to make arrangements to notify the general public of the means by which it may contact the Board member prior to the meeting; and
- The Board President must take steps to ensure the general public is aware of the manner any Board member attending remotely voted on any and all matters brought before the Board for a vote, such as requiring roll call voting.

Guidelines for Public Participation at Board Meetings. The Board will establish guidelines concerning public participation at Board meetings. The guidelines will include, but not be limited to:

- Limiting the time any individual may address the Board.
- Requiring individuals who wish to address the Board to identify themselves, their address, and any organization they may represent.
- Advising the public that, generally, the Board and individual Board members will not directly respond to comments or questions that arise during the public participation portion of the meeting.
- Requiring individuals who wish to address the Board to direct their comments to the entire Board and not to individual Board members, the Superintendent, other School District employees or members of the audience.
- Prohibiting behavior that is intemperate, abusive, defamatory or discourteous or that otherwise interferes with the orderly conduct and timely completion of the Board meeting.
- Excluding from the meeting an individual who engages in conduct that constitutes a breach of the peace.

The Board of Education recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on District matters.

The meeting of the Board of Education is public for the purpose of conducting the School District's business and is not to be considered a public community meeting. There is time provided for public participation during the Board meeting as indicated on the agenda.

Any person or group wishing to place an item on the agenda shall register their intent with the Board President and Superintendent no later than ten (10) days prior to the meeting and include:

- A. name and address of the participant;
- B. group affiliation, if and when appropriate;
- C. topic to be addressed, including some detail regarding the question, comment or request.

Such requests shall be subject to the approval of the Superintendent and the Board President.

To permit fair and orderly public expression, the Board shall provide a period for public participation at every regular meeting of the Board and publish rules to govern such participation in Board meetings.

The presiding officer of each Board meeting at which public participation is permitted shall administer the rules of the Board for its conduct. When his/her ruling is disputed, it may be overruled by a majority of those board members present and voting.

The presiding officer shall be guided by the following rules:

- A. Anyone having an interest in the actions of the Board may participate during the public participation portion of a meeting.
- B. The Board requests that those wishing to participate fill out a form available at all board meetings, giving topic; including some detail regarding any question, comment and/or request, their name address, and, if representing a group or organization, its name. This form should be presented to the presiding officer by the speaker (not a representative) prior to the beginning of the Board of Education meeting. Individuals wishing to address the Board shall not be denied the opportunity to participate if a form has not been submitted but each person must clearly state their name for the record.
- C. There shall be near the beginning of the meeting, one (1) time on the agenda of which the public will have the opportunity to address the Board with comments regarding any matter on the Board agenda or any school related topic.
- D. Each person shall be allowed to speak for up to three (3) minutes.
- E. The public participation portion of the meeting shall generally be limited to one-half (1/2) hour. However, this time limit will not be applied so as to prevent a citizen from addressing the Board during the public comment section. The presiding officer will expand the time necessary to all those who wish to speak, within the time limits established in Item D.
- F. Participants must be recognized by the presiding officer and will be requested to preface their comments by an announcement of their name; address; group affiliation, if and when appropriate.

- G. Individuals addressing the Board should take into consideration the rules of common courtesy. The public participation portion of the meeting cannot be used to make personal attacks against a board member, a district employee, students or others. This provision shall not prevent citizens from questioning matters relating to the administration or operation of the District.
- H. All statements shall be directed to the presiding officer; no person may address or question Board members individually; no comments or questions shall be directed to staff or other participants.
- I. The presiding officer may question speakers for clarification of a statement or request, but should not answer questions or make statements or commitments in response to issues raised in public.
- J. The presiding officer may:
 - 1. Interrupt, warn, or terminate a participant's statement when the statement is too lengthy, personally directed, abusive, or obscene;
 - 2. Request any individual to leave the meeting when that person does not observe reasonable decorum;
 - 3. Request the assistance of law enforcement officers in the removal of a disorderly person when that person's conduct interferes with the orderly progress of the meeting;
 - 4. Call for a recess or an adjournment to another time when the lack of public decorum so interferes with the orderly conduct of the meeting as to warrant such action;
 - 5. Waive these rules, with the approval of the Board, when necessary for the protection of privacy or the administration of the Board's business.
- K. Tape or video recordings are permitted, providing the person operating the recorder has contacted the Superintendent prior to the Board meeting to review possible placement of the equipment, and agrees to abide by the following conditions:
 - 1. No obstructions are created between the Board and the audience.
 - 2. No interviews are conducted in the meeting room while the Board is in session.
 - 3. No commentary, adjustment of equipment, or positioning of operators is made that would distract either the Board or members of the audience while the Board is in session.

Rules of Order. Disagreements concerning the rules of order for a meeting will be resolved according to the latest edition of *Robert's Rules of Order*. The Board may, however, suspend the Rules for a particular meeting or vote by action of a two-thirds (2/3) vote of those members present.

Suspension or Waiver of the Bylaws. Bylaws may be suspended by general consent or a majority vote of the Board members present at a properly constituted meeting. The suspension will apply to a particular instance and matter only and will not otherwise be applicable to subsequent actions or events.

1003 Adoption or Amendment of Bylaws and Policies

The Board will adopt or amend Bylaws and Policies after readings at two separate Board meetings. The Board may, by a majority vote of members elected and serving, waive a first reading.

2001

Admission and Enrollment

Resident Students Michigan law establishes which students have the right to attend school in the School District. The Superintendent will develop and implement regulations for the enrollment of resident students and their assignment to School District schools, facilities and programs. The Superintendent may also develop and implement regulations for intra-district open enrollment.

Home Schooled Students The Board will attempt to accommodate students who are home schooled and have a desire to take non-essential elective classes in the School District in a manner consistent with the law. The Superintendent may develop administrative regulations as needed for the implementation of this policy. MCL 380.1561; MCL 388.1766b.

Nonresident Students Nonresident students may be permitted to enroll in the School District, as described below.

Schools of Choice. The Board may choose to permit the enrollment of nonresident students pursuant to a schools of choice program. If such a program is adopted, the Superintendent will develop and implement regulations for the enrollment of nonresident schools of choice students. Students duly enrolled pursuant to a schools of choice program will, thereafter, be considered School District students for all curricular and extracurricular purposes.

Tuition Students. The Board may choose to permit the enrollment of nonresident students pursuant to a tuition program. If a tuition program is adopted, the Superintendent will develop and implement regulations for the enrollment of nonresident tuition students. Students duly enrolled through a tuition program will, thereafter, be considered School District students for all curricular and extracurricular purposes.

Foreign Exchange Students. The Superintendent may develop and implement regulations for the enrollment of foreign exchange students.

Homeless Students. The School District will comply with applicable legal requirements concerning the enrollment of students defined as homeless under federal law. The Superintendent will appoint a designee to serve as the District's liaison with homeless students and their parents or guardians. The liaison will coordinate and collaborate with state and local officials, as necessary. Students duly enrolled as homeless students will, thereafter, be considered School District students for all curricular and extracurricular purposes.

Children of Non-resident Employees. A child of a non-resident employee of the School District may be permitted to enroll in the School District without the payment of tuition, provided the enrolling student is enrolling in the K-12 program. Once enrolled, such a student will be permitted to continue to attend the School District through graduation or receipt of a certificate of completion, as long as the employee remains employed with the School District. Such a student will also be permitted to continue to attend the School District if the student is enrolled under this policy and the employee no longer works for the School District due to layoff or elimination of the position. This policy does not bar the long-term suspension or expulsion of a student for a violation of the Student Code of Conduct. For the purposes of this policy, an "employee" is defined as an individual with regularly scheduled hours while school is in session and does not include seasonal, coaching, or third party contracted employees (including substitute teachers). An employee is eligible for this benefit at the start of the next school term semester.

Shared Time Instruction Under certain circumstances, students enrolled in non-public schools located within the geographic boundaries of the School District, as well as eligible students who are being home-schooled, are permitted to participate in non-core elective classes offered by the School District.

2002 Learning and Achievement

The core function of the School District is to educate students to prepare them to become productive and responsible citizens and adults. All other policies and considerations are secondary to this objective.

Assessments The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing legally compliant student assessments. These assessments are to be designed to accurately measure the degree to which students of the School District are progressing in the School District's curriculum, in general, and how each individual student is progressing within the curriculum.

The Superintendent, in consultation with selected School District personnel, is also responsible for developing and implementing an assessment reporting system. The purposes of the reporting system include informing the Board, School District staff, parents,¹ and the community, at large, about student progress within the School District's curriculum, in general; informing the Board, School District staff, parents and the community at large about student progress relative to their peers in other school districts and communities; and, notifying parents and students of the particular student's individual progress in the School District's curriculum. All School District personnel are responsible for faithfully and effectively administering the School District's assessments and following the prescribed system of assessment reporting.

Top Scholar Beginning with the graduating class of 2027, class ranking will be determined by using the same formula that Macomb Intermediate School District uses to determine the Macomb County All Academic honorees. This formula uses a weighted score that balances student GPA and SAT scores.

Progress Reports and Grades The Superintendent, in consultation with selected School District personnel, is responsible for developing and implementing a system of legally compliant periodic progress reporting and grading that accurately reflects the degree to which students are progressing within the School District's curriculum, in general, and relative to their peers, as well as how each individual student is progressing. All School District personnel are responsible for faithfully and effectively implementing the School District's progress reporting and grading system.

Placement To the extent permitted by law, The Superintendent and building administrators, in consultation with parents, are responsible for placing students in schools, grades and courses consistent with the School District's core function of preparing students to become productive and responsible citizens and adults. Where agreement cannot be reached, following consultation, placement decisions may be made notwithstanding parental objection. The Superintendent will promulgate administrative regulations necessary to implement this policy.

Graduation Requirements In order to graduate and receive a high school diploma from the School District, a student must successfully complete all coursework required by law, all credits, coursework and assessments required by the School District and all other requirements that may be established and published from time to time by the Board.

¹The word "parents," when used in these policies, includes legal guardians and, where required by law, those acting in the place of parents.

Child Find The School District will attempt to identify and locate every student residing in the School District who may be a student with a disability under the Individuals with Disabilities in Education Act and/or Section 504 of the Rehabilitation Act of 1973, regardless of whether they are currently receiving a public education.

The School District may seek to notify parents of its child find obligations by advertising, posting notices in places likely to be visited by qualified students with disabilities and their parents, by including notices in School District publications – including its web site – and by directly contacting parents of students the School District believes may be eligible.

The School District will also ensure that the information in its notices is written in a manner that would reasonably be easily understandable to a parent. The notices will contain the name and contact information for the School District's Section 504 Coordinator and Supervisor of Special Education, as follows:

The Superintendent will notify parents annually of their rights with respect to student records and related matters, as required by the Family Education Rights and Privacy Act (FERPA) and Pupil Privacy Rights Amendment (PPRA).

Directory Information The Board designates the following student record information as *directory information*:

- a student's name, address and telephone number;

The School District will not, without the consent of the parents of a student, require the student to participate in such a survey, analysis or evaluation that reveals or is intended to reveal information concerning the student's or the student's parents':

- political or religious affiliations, beliefs or practices;

2004 Extracurricular Activities

The Board strongly encourages the participation of School District students in extracurricular activities. Such activities are intended to supplement the School District's curriculum and provide opportunities for student enrichment. While important, it must be emphasized that participation in extracurricular activities is a privilege; not a right.

Athletics The Superintendent, in consultation with the Board and selected School District personnel, will develop and administer a robust program of interscholastic athletics. The athletic program must, at all times, adhere to the principle that participants are students first and athletes second.

School District Clubs and Other Activities The Superintendent, in consultation with the Board and selected School District personnel, will develop and administer a program of curricular and extracurricular student clubs and other activities.

School District secondary students may also initiate clubs and other activities to be held on School District premises, subject to such rules and regulations as may be established by the Board, the Superintendent or District personnel consistent with the federal Equal Access Act and its Michigan equivalent. The School District will not discriminate among such student-initiated clubs and activities based on the religious, political or philosophical content of their meetings, provided the following conditions are met:

- Club meetings and events may not take place during instructional time.
- Club meetings and events must, in fact, be student initiated and student participation must be voluntary.
- Club meetings and events will not be sponsored by the School District or School District employees or agents.
- School District employees and agents may be present in only a supervisory capacity. They may not otherwise participate in club meetings and events.
- Persons not affiliated with the School District may not direct, conduct, control or regularly attend club meetings and events.

Club meetings and events must not materially or substantially interfere with the orderly conduct of School District educational programs or activities.Eligibility

It is the responsibility of the student to know and adhere to the eligibility code of their school. Participation in extracurricular activities is a student's privilege, not a right, which can be removed at designated items Page 13 of 37 for failure to meet the standards and requirements of Anchor Bay School District. For the purpose of this policy, an extra-curricular activity is defined as any activity that is not part of the required curriculum for a course or is outside the regular course of study. This includes but is not limited to dances, athletic events, clubs, and performances.

These are the standards which must be met in order to participate in any extra-curricular activity:

1. Have satisfactory or better citizenship in five (5) of six (6) of their classes.
2. Pass six (6) out of six (6) classes.
3. Maintain a grade point average (GPA) of 2.0 from the previous semester.
4. Student must adhere to the Anchor Bay Schools Athletic Code of Conduct.

If a student does not meet all of these standards at progress report and quarter report card time:

1. Student is ineligible for a period of 1 week (including weekends).
 - The student will be allowed to sit on the bench, but not participate in games, while ineligible.
2. The student can regain eligibility if he/she submits a progress report signed by each of his/her teachers on Monday of the following week which indicates his/her grades have met those standards.

If a student does not meet all of these standards at the end of the semester:

1. Student is ineligible for 60 scheduled school days.
2. A student may be granted a one-time exception to the 2.0 grade point average (GPA) if the student has at least a 3.0 cumulative grade point average (GPA).

Any student who meets the MHSAA eligibility standards (passing 4 out of 6 classes for the semester) but does not meet the eligibility requirements of Anchor Bay High School for the previous marking period can apply for provisional eligibility by meeting with the Athletic Director (athletes) or Assistant Principal (nonathletes) and developing an Academic Improvement Plan.

The plan must include:

1. A signed contract between the student, their parent(s) or guardian(s), and the athletic director or assistant principal detailing the steps the student must follow in order to work towards improving his or her academic performance.
2. A weekly report of the student's grades must be handed in to the athletic office by the student with:
 - a. Maintenance of grades which are currently above 2.0 must be verified.
 - b. Improvement of grades, which are below 2.0, must be shown.
 - c. Mandatory Attendance at weekly study sessions or lunch time or after school tutoring.
3. The plan must include provisions for:
 - a. Meeting with teacher(s) as appropriate.
 - b. Develop a daily schedule for time management.
 - c. Contact with school support services.

Plans will be developed by the athletic director/faculty on an individual basis. Students will be deemed provisionally eligible once a plan is signed. Failure to comply with the Academic Improvement Plan will result in the student being deemed ineligible for the remainder of the semester.

2005

2006

Behavior

Introduction The Board of Education is committed to providing a school environment in which staff may deliver and students may receive educational services without disruption or interference. Expectations for students are based on principles of civility, mutual respect, and otherwise doing what is necessary to be a functioning member of a school community. These expectations apply to conduct on School District premises, while en route to and from school, while in attendance at school functions, as well as when off-campus, to the extent the off-campus behavior is likely to or does substantially disrupt District academic or extracurricular activities or programs.

Student Code of Conduct The Superintendent, in consultation with selected School District personnel, will develop and implement a legally compliant Student Code of Conduct. The Student Code of Conduct will apply to student behavior on school premises, while en route to and from school, at School District related events, as well as to off-campus behavior, to the extent the off-campus behavior is likely to or does substantially disrupt District academic or extracurricular activities or programs, or to the extent the District is legally required to consider the off-campus behavior, such as criminal sexual conduct and cyberbullying.

- Principals are delegated the authority to suspend a student from school for misconduct for a period not to exceed ten (10) school days. The Student Code of Conduct to be developed by the Superintendent is to include the due process protections that will apply in connection with such suspensions.
- The Student Code of Conduct will include a procedure for considering and disposing of recommendations by the administration for long term suspensions (in excess of 10 school days) and expulsions. The procedure will be consistent with this policy.

Long Term Suspensions and Expulsions. The Board of Education has the authority to issue long-term suspensions and expulsions, pursuant to legally compliant procedures set forth in the Student Code of Conduct. The Board may delegate to the Superintendent or designee the authority to hold the suspension hearing and report back to the Board for their decision. The Board of Education's decision on such suspensions and expulsions will be final.

The Superintendent may also develop and implement an Athletic and Extracurricular Code of Conduct. The Code will be developed on the foundational basis that participation in athletics and extracurricular activities is a privilege; not a right.

The Superintendent will post the School District's Student Code and Athletic Code of Conduct on the School District's web site and take other reasonable measures to assure that students and parents are aware of their existence.

Attendance and Truancy. The School District requires its students to attend school every day school is in session, except when excused by the School District. The Building Principal is responsible for enforcing this policy. If the Building Principal feels that the parent is willfully failing to comply with Michigan's compulsory school law, MCL 380.1561, s/he shall report their findings to the Superintendent or his/her designee, for a decision regarding further action, including referring the matter to the appropriate agency if necessary.

Other Student Behavior Michigan law requires that the Board adopt policies concerning bullying, "verbal assault" and locker searches. The Board adopts the following policies, which the Superintendent is to incorporate into the Student Code of Conduct.

Student Bullying The Board recognizes that bullying and cyberbullying significantly interfere with the learning process. Through this Policy, the Board prohibits bullying "at school," as defined below, as well as off-campus conduct that is likely lead to a material or substantial disruption of the school learning environment for one or more students.

This Policy is intended to protect *all* students from bullying, including cyberbullying, regardless of the subject matter or motivation for the behavior. The Board, through this Policy, also prohibits retaliation or false accusations against a target of bullying, as well as a witness or another person with reliable information about an act of bullying. The identity of an individual who reports an act of bullying shall remain confidential. The Superintendent will promulgate administrative regulations to implement this policy.

Verbal Assault A verbal assault is a communication or series of communications that does or is intended to put a reasonable person in fear of harm to himself/herself or his/her property. The Superintendent will address verbal assault within the Student Code of Conduct.

Locker and Other Searches Lockers provided to students are the property of the School District and students and others have no expectation of privacy with respect to the lockers or their contents. School District principals and their designees may search student lockers at any time for any reason and may request the assistance of local law enforcement personnel. When conducting locker searches, School District personnel will respect the privacy rights of students regarding items found that are not illegal or

possession of which is not in violation of School District policy. Any searches of personal property on school grounds will be conducted in a manner consistent with applicable legal standards.

Personal Electronic Devices The School District reserves the right to prohibit the possession or use of personal electronic devices on School District property or at School District-related functions. For purposes of this Policy, “personal electronic device” means a privately owned device that is used for audio, video or text communications.

Students are permitted to use personal electronic devices only as follows:

- Before and after the regular school day.
- During the student’s scheduled lunch time.
- During Passing time between classes.

Students may possess personal electronic devices on their person but the devices must be powered off and kept out of sight in backpacks/purses or lockers except during the times, above.

Students may not use personal electronic devices to broadcast or record audio, images, or video of any student, staff member, or other person in the school or while attending a school-related activity, unless the student has received permission from the person(s) to be broadcasted or recorded. This prohibition does not apply to curricular or extra-curricular activities for which personal recording is generally permitted (e.g., athletic events, arts performances, etc.).

The Superintendent may develop regulations to further control student possession and use of personal electronic devices.

Food Deliveries Students are prohibited from ordering delivery food during the school day, either directly from a restaurant or through smart phone applications and websites. Any food deliveries will be confiscated by the front office and, at the discretion of the front office, may either be retrieved at the end of the school day or discarded. Violation of this policy may result in student discipline.

2007 Health and Safety

Programs and Activities School District personnel will take reasonable precautions to preserve the health, safety and welfare of students participating in School District related programs and activities.

Health Concerns Raised by Parents or Guardians Parents are responsible for informing the School District of health and safety concerns particular to their children and cooperating with the School District to address those concerns. The Superintendent will develop and implement regulations for addressing the health and safety concerns of students with disabilities within the meaning of Section 504 of the Rehabilitation Act of 1973.

Physical Examinations and Screenings Annual notice will be given to parents of any health or physical examinations or screenings. Parents will be given the opportunity to opt-out their students from all physical examinations and screenings. **This policy is not intended to apply to physical examinations required for sports participation.**

Immunization Except as otherwise specifically provided by law, the Board requires that all students be properly immunized, not later than the first day of school.

Medication The Superintendent will develop regulations concerning student medications. The regulations will address the possession, storage and accessing of student medications, as well as the administration of prescription medications to students while at school.

Performance Enhancing Substances Students are prohibited from using or being in the possession of any performance-enhancing substances, including, but not limited to, those that may be listed by the National Collegiate Athletic Association, the Michigan High School Athletic Association or the Michigan Department of Community Health.

Seclusion and Restraint The Board directs School District personnel and others to comply with Michigan law prohibiting seclusion and restraint, except for emergency seclusion and emergency physical restraint in the manner permitted by law.

Wellness The School District will promote proper nutrition and nutrition education, as well as regular physical activity, as steps toward student wellness. The Superintendent will develop administrative regulations to implement this policy.

Epinephrine Auto-Injectors (Epi-Pens) The School District will acquire or purchase and maintain at least two functioning epinephrine auto-injectors (epi-pens) for and at each school building it operates. Properly trained School District personnel or authorized contractors will administer an epi-pen injection to any individual on school grounds who is believed to be having an anaphylactic reaction, to any student who has an epi-pen prescription on file at the school. The District will notify the parent of any student to whom the District administers an epi-pen injection on school grounds or at a school-related activity.

The purpose of this policy is to comply with sections 1178, and 1179 of the Revised School Code. This policy is not intended, and should not be construed, to create or grant any rights or remedies to any person. The Superintendent will promulgate administrative regulations for implementing this policy consistent with the requirements of the Revised School Code., which regulations will incorporate, by reference, the Michigan Department of Education's Medication Administration Guidelines.

Cardiac Emergency Response Plan The Superintendent, or his/her designee, will promulgate a Cardiac Emergency Response Plan, as required by 2014 PA 12.

The Superintendent will develop and implement regulations that will enable the School District to offer an appropriate response in the event of a cardiac emergency. These procedures will address, at a minimum:

- the use and regular maintenance of automated external defibrillators located within the School District.
- activation of a cardiac emergency response team in the event of an identified cardiac emergency.
- the methods for effective and efficient communication in the building or outside area in which the emergency arises.
- a training plan for the use of automated external defibrillators and cardiopulmonary resuscitation techniques.
- the incorporation or integration of a local emergency response system and emergency response agencies into the School District's procedures.

The District will annually evaluate the School District's cardiac emergency response procedures.

3001**Curriculum Development**

The Board directs the Superintendent to develop, implement and provide ongoing evaluation of the School District's core academic curriculum. The curriculum will:

- be consistent with the Board's policy on Student Learning and Achievement;
- meet or exceed all requirements of the State of Michigan for instructional programs; and,
- be standards based and founded upon legally compliant, research based grade level learning and achievement standards that lead to the awarding of a School District diploma.

The School District's curriculum will also include legally compliant, research based learning and achievement standards for students who participate in career and technical education programs, as well as address the needs and provide legally compliant opportunities for students with disabilities and students who are considered gifted.

The Superintendent will appoint well qualified administrators and teachers to assist the Superintendent in implementing and improving the School District's curriculum, as well as otherwise improving student learning and achievement. Any changes to the School District's core academic curriculum must be approved by the Board, to the extent required by Michigan law [MCL 380.1278].

3002**Parental Involvement**

The Board strongly encourages and supports the involvement of parents and families in their children's education. The Superintendent will develop and implement regulations, in consultation with parents and families, which will include:

- The manner in which the School District will cooperate with parents and families of students to develop students' intellectual and vocational skills in a safe and positive environment;
- The manner in which the School District will permit parents and families to review the School District's curriculum, textbooks and teaching materials;
- The manner in which the School District will permit parents to observe instructional activities, other than testing and assessments, in which their students are enrolled and present; and
- The manner in which the School District will permit the disclosure or use of student information for purposes of sales or marketing.

Parental and Family Engagement ("PFE") is also considered a key component of federal Title I programs. In order to help build a partnership between home and school for purposes of Title I, the School District:

- Informs parents and families of the program, the reasons for their children's participation and the specific instructional objectives;
- Trains parents and families to work with their children to attain instructional objectives;
- Trains teachers and other staff involved in Title I programs to work effectively with the parents of participating students;

- Consults with parents and families on a regular basis;
- Provides opportunities for parents and families to be involved in the design, operation and evaluation of the program; and
- Provides opportunities for the full participation of parents and families lack literacy skills or whose native language is not English.

The Superintendent will develop and implement regulations that are compliant with Title I. The regulations are to support the above principles and actions and also assure that services provided with state and local funds in Title I schools are comparable to those provided in non-Title I schools in the School District.

3003 Instruction

To the extent feasible, student instruction will be delivered using research based and peer reviewed instructional methodologies. The Superintendent may develop regulations that are consistent with this policy.

Homebound Instruction The School District will provide homebound and hospitalized instruction to qualified students in a manner that is consistent with federal/state law and other applicable guidance. The Superintendent may develop administrative regulations as needed to implement this policy.

3004 Textbooks and Other Instructional Materials

Textbooks The use of textbooks (or their modern equivalent) is fundamental to the delivery of the core academic curriculum for students. The Superintendent may utilize well-qualified administrators and teachers to assist in the selection of textbooks to be recommended to the Board for approval, to the extent required by Michigan law [MCL380.1421/22].

Other Instructional Materials The delivery of the core academic curriculum is augmented by the use of instructional materials, the approval of which is not required by the Board. The Board delegates to the Superintendent the authority to approve and purchase, consistent with the requirements of Michigan law, other instructional materials. The Superintendent may utilize well-qualified administrators and teachers to assist in the selection of instructional materials. Those materials utilized should be compatible with the School District's core academic curriculum, as approved by the Board.

3005 Selection of Media Center/Library Materials

The Board intends that students be provided access to a wide variety of educational materials, in various media, to support learning. The Superintendent is authorized to make or approve purchases for the media center and/or libraries and may receive recommendations for such purchases from professional staff members, parents and students.

3006 Parental Objections

The Superintendent will develop regulations that provide an opportunity for the presentation and fair consideration of parental objections to the School District's curriculum, the selection of textbooks and other instructional materials and media center materials.

3007 School Year / School Calendar

The Superintendent will develop and recommend for approval by the Board a school year that is consistent with the Board's policies on Student Learning and Achievement. The school year adopted by the Board will meet all applicable legal requirements and, to the extent feasible, will be coordinated with the school year calendars of the intermediate school district and neighboring school districts.

3008 School Day

The Superintendent will develop and recommend for approval by the Board a school day that is consistent with the Board's policies on Student Learning and Achievement. The school day will meet all applicable legal requirements.

3009 Limited English Proficiency

The Board is committed to providing equal educational opportunities for all students in the School District. This includes students who have an English language deficiency. The Superintendent will develop and implement programs of instruction that:

- Appropriately identify students who have an English language deficiency;
- Provide appropriate instruction to limited English proficient students to assist them in gaining English language proficiency; and,

Annually assess the English proficiency of students and monitor their progress in order to determine the degree to which they may participate in a regular classroom environment.

A quality educational program is very largely a function of the personnel employed to implement the educational goals of the Board of Education. The Board will search for and employ persons of the highest character who have the skills and other qualifications necessary to meet staffing requirements.

Board policies apply to all School District employees, including personnel who are covered by a collective bargaining agreement. In the event that a Board policy conflicts with an enforceable provision of a collective bargaining agreement, the bargaining agreement will control the particular matter for employees who are within the coverage of that agreement. Any provision of a collective bargaining agreement that purports to cover a prohibited subject to bargaining is not enforceable.

All staff members have the responsibility to make themselves familiar with, and abide by, the laws of the State of Michigan as they affect their work, the policies of the Board, and implementing Administrative Regulations designed to implement them.

4001 Administrative Staff and Organization

The Superintendent of Schools The Board will employ a Superintendent of Schools in conformity with relevant provisions of the Revised School Code and other applicable laws.

Other Administrators The Board may employ other administrators as it deems necessary for the proper operation of the School District.

4002 Employment Considerations

Equal Employment Opportunity The Board is committed to equal employment opportunities in all aspects of employment, including recruitment, selection, training, promotion and retention of staff.

Discrimination and Harassment The Board is committed to maintaining a learning/working environment in which all individuals are treated with dignity and respect, free from discrimination and harassment. There will be no tolerance for discrimination or harassment in employment on the basis of race, color, national origin, religion, sex, marital status, pregnancy status genetic information, disability, age, or any other illegal grounds.

Nepotism It is the intent of the Board to avoid favoritism as well as the appearance of favoritism towards relatives in all matters concerning employment in the School District. The Board adopts the following standards:

- No Board member or employee shall participate in any personnel action, including a recommendation for appointment, employment, promotion or evaluation, concerning an applicant or employee to whom she or he is related.
- No Board member or employee may directly supervise or evaluate an employee to whom that person is related. If a person is hired or transferred into a position the person will immediately report that fact to the Superintendent, who will consult with the Board of Education concerning the proper disposition of the matter.

This policy should not, except as expressly provided, be interpreted to prohibit the employment of relatives of Board members or relatives of School District employees.

For purposes of this policy, the terms “related” or “relative” refer to the following relationships: father, mother, son, daughter, brother, sister, or spouse-; father-in-law, mother-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law-;step-father, step-mother, step-son, step-daughter, step- or half brother, step- or half sister: or, any other persons who reside at the same location as the Board member or employee.

Criminal Background Checks The Board seeks to ensure a safe and secure environment for students, staff and other members of the school community. Accordingly, the School District will comply with state law and require that any individual working in a school building, whether as an employee or working regularly and continuously under contract, submits to a criminal history and background check by the department of state police. If an individual has been convicted of a listed offense, as defined by Michigan law, the School District will not employ the individual. If the individual has been convicted of a felony other than a listed offense, the School District will consider the severity of the felony, when the conduct occurred, its effect on the ability of the individual to work in a school building, and any other matters considered relevant to the safety of the school community. An individual with a felony conviction will not be permitted to work in a school building unless the assignment is specifically approved by the Superintendent and the Board of Education. Should the School District become aware, at any time, that an individual already working in a school building has been convicted of a listed offense or a felony, the same procedures will apply. The Superintendent will develop and implement administrative regulations to carry out this policy.

4003 Conditions of Employment

Alcohol and Drug Free Workplace The Board to maintains a workplace free of alcohol and illegal drugs, as well as prescription drugs for which the employee does not have a current, valid prescription. An employee or volunteer who is found to have unlawfully manufactured, distributed, dispensed, possessed or used alcohol or any drug in the workplace shall be disciplined, up to and including discharge from employment. Similarly, an employee or volunteer who is found to have been present in the workplace while under the influence of illegal drugs, prescription drugs for which the employee does not have a current, valid prescription or alcohol will be subject to discipline, up to and including discharge from employment. The Superintendent may require an employee to submit to a medical examination when there is a reasonable suspicion that the employee is under the influence of drugs or alcohol while performing job duties or on schoolgrounds. All employees must notify the School District, in writing, if charged with a violation of a criminal drug statue occurring in the workplace. Notification must be provided no more than three (3) business days after being arraigned for the crime. All employees agree to abide by this policy as a condition of employment. This notification requirement does not eliminate the obligation of School District employees or volunteers to report convictions of felonies and/or listed offenses, as otherwise required by law.

Notwithstanding state permissibility, the use and possession of marijuana, marijuana byproducts, and marijuana-induced intoxication are prohibited on school grounds.

The School District's Director of Human Resources is directed to establish a drug-free awareness program to inform employees about: the dangers of drug abuse in the workplace; employee awareness of this policy; and available drug counseling, rehabilitation, and employee assistance programs.

The Superintendent will develop and implementing regulations to conduct alcohol and drug testing of all employees working in safety sensitive transportation positions, within the meaning of the Act.

Staffing, Layoff and Recall of Teachers This policy relates to all teachers working for the School District as defined by the Michigan Teachers' Tenure Act, MCL 380.71 *et seq.* As used in this policy, the term “personnel decision” refers to any situation where the School District is:

- conducting a staffing or program reduction or any other personnel determination resulting in the elimination of a position;
- conducting a recall from a staffing or program reduction; or
- any other personnel determination resulting in the elimination of a position, or in hiring after a staffing or program reduction or any other personnel determination resulting in the elimination of a position.

All personnel decisions will be made based skills and qualifications necessary to meet the educational goals of the district, including but not limited to:

- individual performance;
- significant, relevant accomplishments and contributions;
- relevant special training.

The focus of personnel decisions will be the retention of effective teachers. Length of service or tenure status will not be a consideration unless the factors described above are found to be equal, and, then, only at the discretion of the Superintendent.

No teacher who has received a rating of ineffective on his/her last year-end evaluation will be given any preference that would result in that teacher being retained over a teacher who received a performance rating other than ineffective.

The Superintendent will develop and implement regulations or practices necessary to ensure implementation of this policy in accordance with Michigan law.

Assignment and Transfer The Board of Education believes that the appropriate placement of qualified and competent staff is essential to the successful functioning of the District. The Superintendent or designee will be responsible for the proper assignment and transfer of all professional staff members and, in doing so, will attempt to optimize meeting the academic needs of the District's students.

HIPAA The Health Insurance Portability and Accountability Act of 1996 (HIPAA) requires the School District to provide employees with notice of the uses and disclosures of their protected health information that may be made by the School District. The School District will comply with the requirements of HIPAA with regard to any employee benefit or group health plan provided by the District that is subject to the requirements of the Act. The Superintendent will develop and implement regulations necessary to ensure continuing School District compliance with the requirements of HIPAA.

Leaves of Absence An employee may be granted a leave of absence, with a right to return to employment upon expiration of the leave. A leave of absence is without pay unless otherwise provided by law, Board policy or a negotiated contract. The Superintendent will develop and implement legally compliant leave of absence regulations, specifying the various types of leave that are available to School District employees and the manner in which application for a leave may be made.

FMLA The School District will comply with the Family and Medical Leave Act (FMLA), 42 USC 12201 *et seq.*, and corresponding regulations. The School District will use the rolling calendar method under the FMLA. The FMLA leave of any employee of the School District will be without pay. If the employee has paid leave time available under an applicable contract, the employee will be required to use that paid time concurrent with any FMLA leave.

Medical Examinations The Superintendent may require an employee to submit to a medical examination when:

- Required or permitted by federal or state law.
- Required or permitted by the employee's contract of employment, to the extent permitted by law.
- Information suggests that a health condition may be negatively affecting the employee's ability to perform the essential functions of his/her job, with or without accommodations.
- Information suggests that the employee is a direct threat to the his/her safety or the safety of others.
- An employee has provided insufficient medical documentation as the basis for a health leave and after providing the employee an opportunity to supplement the documentation the documentation remains insufficient.
- There is a reasonable suspicion that an employee is under the influence of drugs or alcohol while performing job duties or on school grounds.

If the Superintendent requires an employee to submit to a medical examination, all costs will be borne by the School District. The employee will be required to sign a release authorizing the physician to submit a copy of the report of the examination directly to the Superintendent. A copy of the physician's report will be maintained in a separate, confidential personnel file.

Paid Medical Leave The School District will provide paid medical leave (PML) to eligible employees pursuant to Michigan law. The Superintendent will determine whether PML will accrue over the course of each benefit year or will be provided at the beginning of each benefit year and will promulgate administrative regulations concerning the use of PML. Payment and use of accrued or provided PML will be coordinated with all types of paid leave available to an eligible employee pursuant to collective bargaining agreements, individual contracts, or other School District policies and administrative regulations. This policy and any implementing administrative regulations will be automatically rescinded, without further action by the Board or the Superintendent, if paid medical leave is mandated by federal law.

4004 Evaluations, Discipline and Discharge, Resignations

Performance Evaluations All teachers and administrators can improve their performance and should strive for excellence in order to provide the best possible education for the students of the School District. To that end, the School District will use a rigorous, transparent and fair evaluation system for all teachers and administrators. This system will comply with Michigan law and include annual year-end evaluations for all teachers and administrators, unless otherwise permitted by Michigan law.

The evaluation system is intended to be used to improve the performance of all teachers and administrators and encourage professional growth. The system is also intended to result in the separation from employment of those teachers and administrators who, after notice and an opportunity to improve, are found to continue to be ineffective. The Superintendent will develop and implement any legally compliant Administrative Regulations necessary to put this policy into effect.

The evaluation of the Superintendent shall be conducted in a manner consistent with state law and/or her/his employment contract. In accordance with state law, Board members must receive training in the evaluation framework for the Superintendent. Board members are expected to complete such training before participating in an annual performance evaluation of the Superintendent. If such training is not

obtained in advance of participation, the Board member(s) shall be recused from the evaluation of the Superintendent. Consistent with state law Board members must complete all training for the MASB Superintendent evaluation tool to have his or her ratings included in the evaluation calculations. 7011**Engagement with Outside Organizations**

Any request from civic institutions, charitable organizations, or outside groups which involve such activities as contests, exhibits, sales of products to and by students, sending promotional materials home with students, graduation prizes, fund raising, and free teaching materials must be carefully reviewed to ensure that such activities promote student interests without advancing the special interests of any particular group.
