

A close-up photograph of a pencil lying diagonally across a sheet of graph paper. The pencil is sharpened and has a dark eraser. The graph paper features a grid with horizontal and vertical lines, and a line graph is drawn on it. The graph has several data points connected by lines, showing an upward trend. The numbers '100' and '50' are visible on the vertical axis. The background is slightly blurred, emphasizing the pencil and the graph.

# Dual Enrollment at Macomb Community College

Michael R. Baysdell, Director of K-12 Relations

**Macomb  
Community College**

Education • Enrichment • Economic Development

**Discover. Connect. *Advance.***<sup>SM</sup>

# My background

- ▶ Dual enrollment is a MISSION for me.
- ▶ I was one of the first Dual Enrollment students after the 1996 “Dual Enrollment” bills passed the Michigan legislature. Earned 19 credits my Senior year.
- ▶ I used these credits I earned to slice a full year off my Bachelor’s Degree at Alma College.
- ▶ Earned my Masters in Arts in Education and Teaching Certification through the University of Michigan.
- ▶ I was teaching at age 22 with my Master’s Degree.
- ▶ Dual Enrollment can do the same for you!

# Dual Enrollment

- ▶ Dual Enrollment is open to both public and non-public high school students.
- ▶ If a student attends a public high school, that school funds the course(s) through a formula determined by the State. If a student attends a non-public school, the State of Michigan provides the funding by a similar formula.
- ▶ In either situation, Macomb Community College is authorized by a sponsorship agreement to charge for tuition, fees, and, depending on the school, possibly books.
- ▶ Students are responsible for any costs above the sponsored amount, and they can be sponsored for 10 courses throughout grades 9-12.
- ▶ Eligibility is determined by the sponsoring school or district.
- ▶ Students MAY also self-pay for summer courses or courses exceeding the 10-course limit.
- ▶ Courses NOT allowed: Religion, Physical Education, hobby/craft courses
- ▶ Parents: All other courses are open to your student—choose carefully!
- ▶ There are ramifications financially if you fail a class—you may need to reimburse your district
- ▶ Keep in mind—you are starting a college transcript and those grades travel with you from now on!

# Process for Applying and Enrolling at Macomb Community College

- ▶ Your counselor completes a Dual Enrollment Sponsorship Form that specifies which classes may be taken.
- ▶ Create admission account. Apply to Macomb Community College and get admitted as a DUAL ENROLLMENT student—you'll need SSN to do so
- ▶ Once admitted, we'll email with next steps:
- ▶ Complete New Student Orientation, 2 guided self-placement and Starting at Macomb (phone call)
- ▶ It takes about 4 hours to get your MyMacomb password.
- ▶ You need to complete Multi-Factor Authorization (MFA)
- ▶ After these steps are completed, enrollment will be possible—you are responsible for registering for classes.
- ▶ After you're signed up—you MUST use/check your new Macomb CC e-mail account regularly.
- ▶ Benefits of being an MCC student—you are NOT "just a Dual Enrollment student!"
