Secretary: Shelby Stratton

Student Congress Representative: Meghan Cherwinski

Public Relations Officer: Saddy Peddycord

### Senior Student Council Representatives

Nola Milam

Nia Giannola

Molly Mitchell

Nya Bohm

Dear Class of 2023

I would like to congratulate the class of 2023 on their high school graduation. This current senior class is like no other and I commend each one of you for your grit, resiliency, and dedication. What is typically a normal 4-year high school experience for these students was first interrupted for them as a blip in March 2020 and eventually turned into a global pandemic, derailing a normal high school experience for you.

Not only did this experience challenge you and all of us physically, mentally, spiritually, and social-emotionally, but this experience now offers you, the opportunity to be better individuals due to the challenges you have been presented with and that you have faced head-on with the support of your parents, family members, friends, teachers, coaches, and those around you.

My challenge for the Class of 2023, is to strive to not simply return to normal, but to become a better normal and allow the good things to fall out of your lives so you can make space for the great things in life.

I leave you with this, seniors, you are more powerful than you ever imagined, and now is your time to choose courage, to choose each other, and to create your legacy.

Stay strong. Be good citizens, and always know that you have a home at Anchor Bay High School.

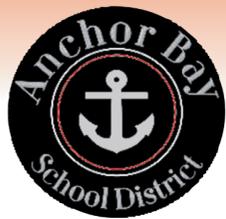

Congratulations,

Sherry Kenward, Interim Principal and Director of Student Services  
Anchor Bay High School

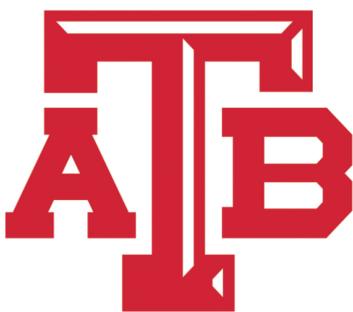

Hello Class of 2023, we are Payton Lee and Mary Williams, your 2023 class presidents. Congratulations to every senior and a huge "THANK YOU" to everyone who has supported us on our journey. As Dave Mustaine said, "Moving on is a simple thing, what it leaves behind is hard." Unfortunately, it is time for us to move forward. But what does that entail? High school has made us step out of our comfort zone, and learn to adapt to our ever-changing society. It has pushed us to our limits, but that's how we genuinely grow. Growing up initiates pain but the beauty of it is the learned perceptions and connections that come from it. No matter what angle or direction we take, the future is completely open and we continue to write it moment to moment, starting right now. No matter how fearful it may seem, impossible it may feel, or how unknown the possibilities are, these things can't decide our future. Our intentions of the future must be empowering, optimistic, and ambitious. Ambition and action are the first two steps to success. Success is a journey, not a destination. With every person there is a journey and with every journey there is a path. No matter the different paths we take in life and no matter where we go, we take a little piece of each other everywhere. Our independence is what will carry us through our next chapter in life. Independence is the commitment to one's best self and principals. To be independent, it is important to love and trust ourselves first. Create the kind of self that you will be happy to live with all of your life. Trust yourself. You have survived a lot, and you will survive what ever is coming. To address one of Macklemore's greatest hits, "We've made it through the darkest part of the night, and now we see the sunrise." Don't rely on the pause button, keep it on play. Things won't always go your way, be patient with your mistakes because there must-takes. They help shape you to what you are going to become. Don't think of them as negative. Think about them as an experience to flourish. They help us discover our intentions to remodel our surroundings, to make them familiar. We are responsible for bringing positive energy into our up comings. We shape our futures, there is no core curriculum. The entirety of our life is now full of electives. There is one life for each of us, our own. Make the most of it! To quote Mr. Worldwide himself, "One life, one destiny, live it up!"

# Congratulations **ANCHOR BAY** Class of 2023

## ABHS Class of 2023 Summa Cum Laude

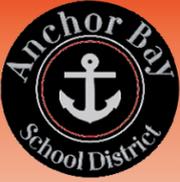

## Anchor Bay Presents the Class of 2023

**Assistant Principal:** Mark Prebay **Assistant Principal /Athletic Director:** Don Holston

**Director of Secondary Education:** Joseph McDonald **Director of Special Education:** Frank Cusimano

## Superintendent's Letter to Our Graduates

### Dear Class of 2023,

As you get closer to commencements and get ready to go out into the "real" world, I am sure you might have some trepidation, as if you follow any news whatsoever, it can seem daunting to venture out into the crazy and chaotic unknown. I assure you it has always been so for every graduating class as each has gone out into their own version of unprecedented times.

Life and society are always busy and boisterous. In the daily tumult of it all, one can lose their bearings and get overwhelmed. My advice to you is to never fear taking a step back to see the big picture. All those countless decisions, while formidable, are really opportunities. They are a chance to get better, to find the love of your life, to answer your life's calling, or even to remember God's grace. In the midst of the noise and commotion, always remember this, no matter how low you feel or how bad your day - the world is full of promise. Embrace the word "IF"

When you welcome the possible, you move past the fear and dread to find something more important - hope. The world needs dreamers and innovators. Those who can look at any situation and see what might be achievable for the greater good. In fact, the world is built on it. Most of the things you see around you, from cell phones, electric cars, or even Door Dash are things that many in previous generations would never believe could exist. Yet someone had an idea and the determination to make it a reality.

As you move into the next phase of your life remember it is a big, dynamic world out there full of *possibilities if you are willing to face it in all its messy uncertainty and conquer all the possibilities that lie before you. Go fearlessly into the future and embrace the ifs in your life.*

Congratulations Anchor Bay Class of 2023!
