- After clicking on District Report Card, the report downloads in the lower left corner

The screenshot displays the PowerSchool SANDBOX interface. The main content area is titled "Grades and Attendance: [School Name] - [Term]". Below the title, there are tabs for "Grades and Attendance" and "Standards Copies". The primary data table is "Attendance By Class", which is organized into columns for "Last Week" and "This Week", each with sub-columns for days of the week (M, T, W, T, F, S, S). The rows list various classes such as "French 10", "UNIT History", "Music 2", "Pumps", "Health and Careers Exploration", "University", and "Literature". To the right of the main table, there is an "Applications" section with a table containing columns for "Applications" and "Description". In the bottom left corner of the interface, a red rectangular box highlights a download icon, which is a small square with a downward-pointing arrow.
