Dear Naldrett Families,

This letter is to inform you that Naldrett Elementary receives funds from the Title I, Part A program. This federal classification provides additional funding and programs to benefit our students. Title I provides assistance to improve the teaching and learning of children to meet challenging State performance standards. Through Title I funding, we are fortunate to have a highly qualified certified teacher who provides direct services to our at-risk students in language arts. In addition, we have three highly qualified paraprofessionals who work with our kindergarten and first grade in small groups providing instructional support and reinforcement in language arts. All of our teaching staff is highly qualified and we all work closely to meet the educational needs of our students.

In receiving funds from Title I, Part A, the district has a requirement to inform you of your right to request information regarding the professional qualifications of your child's teacher. Please contact Lora Gonzales, Director of Human Resources, at (586) 725-2861 for any requests. If, for whatever reason, your child is assigned or has been taught for four or more consecutive weeks by a teacher who is not highly qualified by the State standards and requirements, you will receive timely written notification.

At Naldrett Elementary, we believe in working together to help your child achieve their greatest academic potential. Watch our newsletters for additional information regarding services, funding and programs available for your child. If you have any questions or concerns, please feel free to contact me at any time.

Sincerely,

Mrs. Heidi Stephenson
Principal
